

## Document Management & Business Apps for Federal Government

Serve your stakeholders more efficiently with a secure cloud platform.

### Provide better public service with AODOcs

Records Management

Document Distribution

eSignature

#### Modernize your IT infrastructure

Move all your documents to the cloud and sunset file servers and legacy document management systems like SharePoint, Lotus Notes, OpenText, and SIRE - OnBase by Hyland.

#### Deliver security and compliance

Comply with regulations like HIPAA, CIJS, and more. Respond to citizen requests under the FOIA faster with process automation.

#### Cut costs while improving efficiency

Reduce IT infrastructure and operational costs while realizing huge efficiency gains through workflow automation.

#### Improve collaboration

Boost internal collaboration by giving people an agile, user-friendly platform and make information easily available to the public without sacrificing security or compliance.

#### Control document retention

Configure your document retention policies for each type of record and automatically delete records that have reached their end of life.

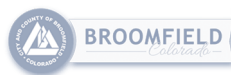

"The quick adoption of AODOcs and overall happiness of users with the platform has added a lot of value at Broomfield County beyond the efficiency gains and costs savings."

**Ernesto Chavez**

PMP, IT Director, City of County of Broomfield

### Join hundreds of happy customers using AODOcs

AODOcs is the only document management and business process platform fully integrated with G Suite, allowing organizations in all industries to easily control their documents, scale their business-critical processes, and meet compliance requirements while enhancing user experience. Replacing legacy ECM platforms with a cloud-based, collaborative platform, AODOcs dramatically reduces the time and money spent maintaining IT systems. AODOcs' patented business process platform is used by Google and recommended for G Suite.
